

### **STUDENT VISA IN UKRAINE**

Many young people after receiving full secondary education are faced with the question of obtaining further education abroad. When choosing education and the country in which training will take place, many factors play an important role: level of education, cost, comfort of living, simple paperwork process, etc.

If you have chosen to study in Ukraine, we will be glad to become your partners, over the period of 10 years of work, many of our clients have become close friends and trust us. Ukraine has become one of the most sought-after countries among foreign students. For our part, we will make the process of entering and learning as pleasant and accessible as possible for our students, and they will be able to concentrate on their studies, forgetting about the problems associated with bureaucratic difficulties. The presence of contracts with various educational institutions, extensive experience in migration legislation, excellent reputation - all these factors make studying in Ukraine easy and affordable.

We can guarantee full support at the stage of preparation of documents, guaranteed visa support. We will also arrange a meeting on arrival, check-in and registration in an educational institution, support during the whole period of study, provision of legal assistance and support in difficult life circumstances.
